## COMMITTEEMEN TO BE CHOSEN

Election of the Officers of the Tobacco Association at Hand.

### IN NINETEEN COUNTIES.

Committeemen Will Be Chosen Who Meet Here to Name County Chairman.

To the members of the Planters Protective Association:

The members of the Planters Protective Association of Kentucky, Tennessee and Virginia are requested to meet at their respective voting places on Saturday, September 7th, for the purpose of electing the various district chairmen over the country.

On Saturday, Sept. 14, the district chairmen so elected are requested to meet at county seats of their respective counties and elect from their numbers a county chairman and a vice-chairman for the ensuing year, the county chairman to be a member of the board of directors. These elections are to be held between the hours of 2 and 5 p. m.

We especially urge upon our members the necessity of electing strong, honorable, conservative men, as

success of the association greatly depends upon this.

Yours truly,  
MRS. N. E. GREEN.

Secretary.  
By order of the Board of Directors.  
Guthrie, Ky., July 26, 1907.

The above official call sets forth the time for the ensuing annual election of the Tobacco Association. It will be held in every voting precinct in 19 counties of the "Black Patch."

It is not probable that any radical changes will be made in the personnel of the committee in Christian county. No dissatisfaction exists anywhere, so far as known, and it is quite likely that most of the old committeemen, who have done such efficient service, will be re-elected.

Chairman W. W. Radford will probably be re-elected county chairman without opposition, though it is not improbable that he may be promoted to the position of member of the Advisory Board.

It is predicted that the general committee, made up of county chairmen, will adopt a resolution requiring the members of the Advisory Board to be taken from the committee, if any changes are made.

In this event Mr. Radford would be eligible, and would be a formidable candidate.

## TWO ALARMS TURNED IN

But Both Proved To Be Of  
But Little Con-  
sequence.

### ONE UNUSUAL CAUSE.

Arthur Dillard Had Narrow  
Escape From Explosion  
of Gasoline.

Early Tuesday morning a fire alarm was turned in from M. H. McGrew's machine shop at Eighth and Clay. Arthur Dillard, the driver of the gasoline wagon, was delivering two open cans of gasoline, holding five gallons each, to the shop for use in the engine. As he entered the shop a blacksmith took a piece of hot iron and began work on it. A spark flew into one of the cans of gasoline, causing a flash and explosion. Dillard threw the cans backward and jumped out of danger.

The burning gasoline filled the interior of the shop with flames, but the fire department was quickly on the scene and put it out. The water caused more damage than the fire. About the same time another alarm was turned in from the residence of Mrs. E. Anderson, on East Ninth street. It was caused from a burning soap in a chimney and was put out before the hose cart arrived, by firemen Wm. Turner and Will Hester, who were first to reach the fire.

The damages were slight in both cases.

**Value of Insurance.**  
Fires originate in unexpected places and from unknown causes. Doubtless some one who reads this article will sustain the next loss. Are you insured and have you the best insurance your money can buy? The Giant Insurance Agency, (Incorporated,) the leading fire insurance agency in the city, represents ten multimillionaire companies and settles their losses promptly and equitably and guarantees to sell their policies at as low rate as any company doing business. Office in First National Bank building. Both phones.

**LOCKYEAR'S RETIRES,**  
Leaving Fox's Business College in Possession of Local Field.

Lockyear's Business College has closed its branch school in this city, after two years of business, and has sold a part of the outfit to Prof. Hampton Fox's Business College. The rest of the furniture has been shipped to the main office at Evansville. Miss Carrie Moore was in charge of the school last year. Fox's college is enjoying much prosperity, with a large attendance.

**Col. Henry Returns.**  
Col. Joesett Henry is back from Port Clinton, Ohio, where he had been for two weeks as judge of the target practice of the Kentucky Rifle Team in the national shooting matches. The Kentuckians won the 33rd place in the contest, defeating 11 old teams and all of the new ones.

**Rally Day at Shiloh.**  
On Sunday next, Sept. 8, Shiloh church will have her annual Rally Day. Dinner will be on the grounds and there will be services by the pastor, Rev. W. T. Miller, at 11 a. m. and 2 p. m. All friends are invited.

## FOR SUMMER WEAR

## SIMPLE COSTUMES FOR CHILDREN EASILY MADE.

All Over Elaboration and Showiness is Considered Out of Place on Garments for the Little Ones.

The making of children's frocks, and especially those designed for summer materials, present few difficulties to the home dressmaker, as although most of the costumes seen follow rather closely the general lines of those designed for grown-ups, the trimming is much more simple and the fitting processes few difficulties.

It is not considered good taste nowadays to have anything ostentatious or elaborate about children's frocks, and although some of the finer models show exquisite handwork and fine lace in their decoration, there is no need for this. The young girl's simplicity is aimed at by all the best designers, nevertheless, very original and smart effects are gained.

The long shoulder line is noticeable in all of the frocks for young girls.

Nervousness and neuritis are not the indication that the nerves are not fed on the right food. Dr. Pierce's "Medical Discovery" is the nature's own restorer.

It tones up the organism and invigorates the body, making the body one of its necessary constituent principles of which it is in need.

The taste is agreeable, having a delicate taste, agrees perfectly with rebellious and sensitive stomachs, and is extremely effective in removing all trouble from the entire system.

It cures trouble of the stomach and at the same time the blood vessels are given such a toning up as to

throw off a cold. One very good reason why it restores the health of run-down pals and emaciated people is because it is rich in the elements that benefit the liver and kidneys. It then begins its reconstructive work in building up flesh and muscle.

"I have been a sufferer from indigestion for some thirty years at times," writes Mr. C. C. Pierce, "and have used medicine from several of our best physicians, which gave me temporary relief, but none that I could never be cured. Last winter I was stricken with a severe attack of indigestion, and such severe pains in the pit of my stomach that my weight went down from one hundred and fifty-five pounds to one hundred and forty in a few days. I then consulted Dr. Pierce, and when the first bottle was gone, I felt some relief from the medicine. I then took four bottles of 'Golden Medical Discovery,' which I truly say gave me four bottles of 'Golden Medical Discovery,' which I truly say gave me

the best results, which I have ever had from any medicine, and can cordially recommend it to all.

It Stands Alone as the best alterative medicine, the best stimulant, the makers of which take their patients into their confidence and tell them exactly what they are taking. This Dr. Pierce's "Medical Discovery" is made of such ingredients and after a working formula, placing its merits above criticism.

It Stands Alone as Nature's own restorer, cure for chronic diseases and its ingredients are: Golden Seal Root, Quinine, Black Root, Black Cherry Bark, Blood Root, Marshmallow Root, and chemically pure glycerine.

Pierce's "Discovery" is the best medicine that I have ever used. It was first put up by old Dr. E. V. Pierce, and although much imitated, have never been equalled. Made of concentrated and refined American plants and roots, therefore purified. A great many physicians use this.

For Kentucky—Generally fair, with moderate temperature, Thursday.

President Roosevelt has another daughter, Miss Ethel, who will "set out" this season.

Judge James Breathitt, will open his campaign for attorney general at Marion Sept. 16.

Capt. W. J. Stone has withdrawn from the contest for Senator in the Edenville district and pledges his support to Senator Conn Linn, the Democratic nominee. It is gratifying to Capt. Stone's friends to know that he is still a good party man and will support the Democratic ticket.

Mr. Stanley is in a position to do the tobacco raisers great good in their efforts to escape the oppression of the tobacco trust, but it can't be done by speeches which arouse the "night riders" to action. His speech at Hopkinsville was along the right lines, and the Inquirer is willing at all times to give him credit for all the good he undertakes.—*Wrensboro Inquirer.*

Caleb Powers says he now knows who killed Gov. Goebel. It is possible that he will turn State's evidence, because Taylor refuses to come to Kentucky to testify for him? A confession from Powers is expected to be the sensation of his fourth trial. The murder was committed in his office and the public has always believed that he knows who carried out the plot.

There seems to be a more or less general revival of the old fashioned spank. This time is a Philadelphia woman who has driven her 16-year old daughter into matrimony by spanking her. Gertrude was so incensed that she sent her lover word that she was ready to marry him and they eloped the next day. Only a few days before a Michigan woman undertook to spank Johnny and exploded a dynamite cap in his hip pocket, that care very near killing both mother and son.

The lists for the Democratic primary election in Louisville Sept. 24, were closed Tuesday and nearly

The September number of the National is filled with an abundance of high-class fiction and verse, and it is a number that will appeal to magazine readers at this time of the season. Among the special articles is one by Sidney J. Dillon on "The DesMoines Plain," dealing with the new method of city government in Iowa's capital, and "Leaving Our Population," by Carlyle Ellis. The departments, "Affairs at Washington" and "Happy Habit," abound with the class of material which so many readers of the National particularly delight in. Edward Carleton Knight contributes an illustrated article on "Taft on a Vacation," showing how this wonderful gentleman works during the hours which most men would devote to recreation and enjoyment. Another handsome three-color cover design, and four splendid frontispieces help to adorn and ornament this number of the National Magazine.

Remarkable Case of Jos. H. Schuler Reported at Louisville.

Louisville, Ky., Sept. 3.—Surgeons of this city are deeply interested in the remarkable case of Joseph H. Schuler, who two days ago, attempted suicide by putting two bullets into his brain, and who continues to improve. Schuler today recognized members of his family, and was able to take liquid nourishment. It is now believed that he has a chance to recover. The attempt at suicide was made by putting a revolver in his mouth and firing twice. Both balls lodged in the cranium after almost tearing away the roof of the mouth.

Dr. W. C. Dugan and J. P. Ferguson performed the operation, relieving the pressure of blood on the brain, but not finding the bullets. Since then Schuler has lain in a semi-conscious state. His right side is paralyzed. The cause of the deed is unknown. He is a blacksmith and is 23 years of age.

A large barn belonging to Walter Allen, of the Haley's Mill neighborhood, was destroyed by fire Monday. The building contained four acres of tobacco, which belonged to Mr. Allen and Harrison Word, a tenant. The process of "firing" the weed was in progress when three "sticks" fell in the fire, causing the blaze to rush up and catch the building. The loss is about \$800.

Mr. J. E. Valk, a member of the jewelry firm of N. H. White & Co. of New York, was in the city Saturday and his striking resemblance to Mayor Meacham caused several amusing incidents. There was a big crowd in town and among the visitors were some whose feelings had been hurt by the Mayor's war on night riders and it was thought these were seen "taking in" Mr. Valk with glances not altogether of admiration. One of the Mayor's friends who does not come to town often stopped Mr. Valk on the street and congratulated him on making such a fine Mayor. It so happened that the "doubles" did not come in contact with each other.

## GRAND REUNION.

Maryland, My Maryland's Big Entertainment.

Former Residents Living in This State Are Invited to Attend Old Home Week.

Baltimore, Md., Sept. 4.—Maryland is sending invitations to her sons and daughters scattered everywhere to come to a grand' reunion, and is making extensive preparations to give them a week of right royal entertainment when they come. Old Home Week covers the dates, October 13 to 19, and there will not be a moment of that time that will not thrill with the spirit of hospitality for which the Old Line State is famous.

The celebration will include a number of spectacular features in this city, such as an electrical pageant, a grand naval and military display, a gathering of patriotic societies, a parade and ball by the fraternal orders, a big concert, a night carnival, etc. There will also be a special pilgrimage to Annapolis on Peggy Stewart Day which falls in Old Home Week.

The visitors to the capital will have an opportunity to inspect the magnificent new buildings of the United States Naval Academy and the remodeled state house of historic associations.

The New Baltimore, which has sprung from the ashes of the disastrous fire of 1904, will not be the least of the features that will afford delight and will surprise the returning sons and daughters of the state.

The Homecoming will have the benefit of special transportation granted by railroad and steamboat companies, and arrangements are on foot to secure for the visitors the privilege of a side trip to Jamestown without extra charge.

Every former Marylander of whom the Maryland Home Coming Association secures information will receive a special invitation to attend the homecoming. These invitations are being sent out by Governor Edwin Warfield in the name of the State.

All persons who have information of the whereabouts of former Marylanders are urged to promptly forward such names and addresses as are in their possession, to the Secretary of the Association, 602 Fifth Building, Baltimore, Md.

*Battle with Ferocious Rats.*

In a battle with rats, Abraham Hunsberger, of this place, killed 28 which had attacked him, while as many escaped.

When the fight began he struck at one huge gray rat with the heel of his boot, and the instant the foot was full of rats which attacked Hunsberger, grabbing at his legs and tearing his trousers with their sharp teeth, others jumping on his back and snapping at him.

Hunsberger dropped the boot, fought on and endeavored to run off, but through a trap door. The door had "caught" him, and, finding he could not get it open, he again grabbed the boot and, with part of the handle as a weapon, fought the infuriated little animals.—Lansdale (Pa.) Dispatch to Philadelphia Record.

*Macaroni Wheat.*

The quantity of durum or macaroni wheat exported from Atlantic and Gulf ports from July 1, 1906, to March 15, 1907, was 14,358,671 bushels, or nearly twice as much as in the same period of 1905-'06.

Most of it is bound for the countries along the Mediterranean sea, but shipped to Great Britain, Havre, Antwerp, Rotterdam, Hamburg and Bremen constitute an important part of the total—about one-third. Italy is the chief buyer (6,208,995 bushels) followed by France (2,803,518 bushels) and Germany (1,077,116 bushels).

The party was joined by others at Princeton and Nortonville.

Mr. Wilgus will personally conduct the party.

**A Water Clock.**

One of the most curious clocks in the world is said to be that which tells the time to the inhabitants of a little American backwoods town. The machinery, which is nothing but a face and hands and lever, is connected with a geyser which erupts every 33 seconds.

This spouting never varies to the tenth of a second. Every time the water spouts up it strikes the lever and moves the hands forward 33 seconds.

### Chronic Catarrh.

Mrs. Delta C. Cameron, Healdsburg, Calif., member Daughters of America, writes:

"Having tried many remedies for chronic catarrh of the bronchial tubes and not receiving any benefit, I began to think there was no help for me until I began to use Peur-na.

"I began to use the bronchial tubes and found that after a few bottles I had no more trouble with the throat.

"I have suffered with catarrh of the bronchial tubes and had a terrible cough ever since a child. When a child it was supposed to be whooping cough or the croup, but as I got older it got worse and worse.

"After a while it got so bad I had to cough both winter and summer. Finally I burst a blood vessel in my throat from the strain of coughing, next a blood vessel in my stomach, so I kept on taking Peur-na and it did no good, and even then could get no relief.

"I want to be a dispensary for treatment, but it all done me no good. At night I could never lie on my back. I would sit up until two or three o'clock in the morning because it would close my eyes. Then of course, I thought it was everybody else that I had consumption."

"Reading the papers about Peur-na I decided to try it without the least hope that it would do me any good. But after taking three bottles I noticed a change.

"I never got discouraged.

"Now I can lie on my back and sleep all night, and you may well think how thankful I am for Peur-na."

Mrs. Roxa Tyler, 620 Madison Avenue, Chicago, Ill., Vice President of the Illinois Woman's Alliance, writes:

"During the past year I gradually lost flesh and strength until I was unable to perform my work properly. I tried different remedies, and finally Peur-na was suggested to me.

"It gave me new life and restored my strength. I cannot speak too highly of it."

Mrs. Emily Koch, 914 Michigan Ave., Sheboygan, Wis., writes:

Copyright, 1907, by Byron Williams.

My dear, do you ever get lazy? As lazy I do! I am free to confess it. It acts as a tonic to me. My feet are very inert sluggards. They drag like a rope in the dust. The bone in my back aches, the rubber, my heart, the heart, with rust. Ambition is like a dead horse. Don't care in the king of the crew. I'm the king of the crew. I'm shiftless and feel like a loafer! Don't care!

It comes with the croon of the breezes, the lit of the birds in the trees; It drowns with the song of the river, the lit of the waterfalls. It beckons me down to the meadow, it leads me along by the stream; It charms me to the woods, it entices the fancies to dream. It says, "Oh, be down in the shade, flat and list to the chant of the woodland, the chant of the woodland and shade."

I do not dream, Oh, so lazy, of castles and fairies and brooks that That wind like a ribbon of silver through emerald valleys and nooks. The world is as lazy as I am, the skies that are hazy and gray; The ripples sing low in the abounding, the but- tos sing low in the shade. The world is as lazy as I am and I am too lazy to see—

My dear, do you ever get lazy? As lazy as lazy can be.

Reg. Time.

The more wags a man gets, the more time he wants off to spend it. Never mind; next year we will have a same Fourth—maybe.

Seven boys and seven girls went camping in Iowa—and when the vacation was ended there were 49 engagements.

A Nebraska country editor tells one on a well known resident of his town who stayed down town very late, toy ing with the wine cup. Steadily stealing in about midnight, he located the baby's cradle and started to rock it. The baby awoke and the man was finally aroused from his parental duty by the wife, exclaiming: "Come on to bed and quit rocking that empty cradle; the baby is here with me."

A Wisconsin editor was visiting in Chicago and decided he would buy a new Panama hat. Going into a store, he saw the price of \$100.00 that looked good to him. The clerk replied, "Fifteen dollars," whereas the editor asked, "Where are the holes?" The clerk appeared bewildered for a moment but managed to ask, "What holes?" The editor replied, "The holes for the ears of the towns that would pay \$15 for a hat like that."

When a prominent Kansas man was a young fellow, he hired out to an editor as office "devil." At the end of the first week, the editor's cow died and there was plenty of beef on the table for weeks. The man was disappearing, the calf died and they had veal for several weeks. When the editor's wife became ill and died, however, the "devil" took to his heels and fled. He is now a successful business man who takes especial delight in telling the good news of their experiences with the Old Quaker Remedy. Here is an example worth reading: R. H. Buck, living on South Franklin street, Madisonville, Ky., says: "Doan's Kidney Pills is an exceedingly good remedy for kidney complaint and backache. I was never seriously troubled until about nine months ago I was taken with an attack of backache caused I think by a strain from over lifting. I was annoyed a good deal. I saw Miss Doan's Kidney Pills advertised and concluding to give them a trial, got a supply. They proved very satisfactory, curing the attack in a short time. Some time later, there were symptoms of a recurrence, and I appealed to Doan's Kidney Pills again. They relieved me in a short time, and they keep my kidneys in excellent condition."

It is easy to get rich if you will stop spending. A scientist says a man's body is 90 per cent water. He must refer to the driver of the water wagon.

So many people worry about where the money is coming from to pay their bills. It will come from the mint, of course, but it will come from other sources, it would be counterfeited.

The automobile does not want the earth. He wants the roads, only.

There may be safety in numbers, but few gamblers can pick the safe ones.

The fellow who is just getting over a performance may mark for the performance pidge. What a pity that the water wagon jolts so.

It is easy for a sketch artist to draw a crowd in a park.

The country is safe—the June crop of birds was fully up to the standard.

Some men are too blamed slow and deep for their ill luck.

People of Kalifornia says some of the folks in his town have water-melon and others have cherriplied already. Which reminds me that now is the time to begin buying your Christmas presents.

Those Chicago poets who were compelled to their employer to punch the time clock and to pay for the time instead of trifling around town looking for inspirations, could get even by rhyming "pain" with "again," "roundelay" with "he did say," etc. There are plenty of ways for a real, live poet to retaliate.

Record Swim.

Floyd Swackhamer, a youth of Urich, stepped on the head of a dead fish last summer. He felt some pain in the foot at the time, but the wound soon healed. Last week the fin of the fish, half an inch in length, was taken from the top of the foot, having swam clear through—Missouri Mercury.

## RECEPTION GIVEN

### In Honor of Misses Stowe and Eades.

Miss Mary Willis gave a most delightful reception Friday evening August 23 in honor of her visitors, Misses Ethel Stowe and Lillian Eades. The room and veranda were lighted by Japanese lanterns, potted plants and flowers added to the scene made brilliant by pretty girls and handsome boys. The rooms abounded in cut flowers, colored candles in antiques candelabra, throwing a halo of beauty over youth and beauty. Miss Willis was pronounced a most successful, entertaining young hostess from every standpoint manipulating the wires so as to attract those who attracted into an electric circle, till all were thrilled by the current of magnetism making everybody merry as the proverbial marriage bell. It was the largest reception given this season, including both the older and younger circles. Miss Ethel Stowe had very nice, true soprano voice and sang several vocal numbers with Miss Willis' accompaniment. Miss Eades is equally as entertaining as a reader and impersonator and her selections were enjoyed and each young lady made a most happy impression. There were a great many beautiful dressed in the assemblage. Ices, cake and relishes were served, buffet in the pretty dining room. The Misses Stowe and Eades have been very popular with the friends of Miss Willis who regret to see them leave.—Lichfield Gazette.

## GOOD NEWS.

### Many Hopkinsville Readers Have Heard it and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Hopkinsville are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Many people are telling the good news of their experiences with the Old Quaker Remedy. Here is an example worth reading: R. H. Buck, living on South Franklin street, Madisonville, Ky., says: "Doan's Kidney Pills is an exceedingly good remedy for kidney complaint and backache. I was never seriously troubled until about nine months ago I was taken with an attack of backache caused I think by a strain from over lifting. I was annoyed a good deal. I saw Miss Doan's Kidney Pills advertised and concluding to give them a trial, got a supply. They proved very satisfactory, curing the attack in a short time. Some time later, there were symptoms of a recurrence, and I appealed to Doan's Kidney Pills again. They relieved me in a short time, and they keep my kidneys in excellent condition."

## KENTUCKY STATE FAIR

### Churchill Downs Will Be Location of 1907 Exhibition.

After three weeks of negotiations with the owners of Douglas Park at Louisville, resulting in a failure to induce them to lease the grounds for the 1907 Kentucky State Fair, pending the clearing of the title to the property, and adjustment of other matters in connection with the purchase of the track and buildings as a permanent location, the Kentucky State Board of Agriculture has been given the use of Churchill Downs at Louisville for holding this year's exhibition during the week of Sept. 16. The Kentucky State Fair will therefore be held on the dates mentioned, at historical Churchill Downs, where the fair last year was held.

Messrs. Charles F. Grainger and Matt J. Winn, representing the Churchill Downs interests have agreed to the use of these grounds and a committee representing the state board has extended to them a vote of cordial thanks for their liberality in the matter, inasmuch as the grounds are tendered to the State Fair upon terms agreeable to the State Fair management.

Churchill Downs, while a typical

race course, is considered to be the best equipped state fair grounds in the South, with the possible exception of the Texas fair grounds. There will be an abundance of stall room for all kinds of live stock, there is a big grand stand and there are buildings suitable for the departments which must be shown indoors.

The entry list in the different exhibit departments is the greatest in the history of Kentucky State Fair, at this time, three weeks prior to the exhibition.

The State Fair management is spending over \$7,000 in exploitation and expects record breaking attendance daily. Some of the greatest amusement enterprises in the country have been contracted with for State Fair week.

## ANNOUNCEMENT

### "Belles, Beaux and Brains of the '60s"

Town Topics, with its issue of August 29, will inaugurate a unique and most notable feature in the historical literature of America—a retrospective social and reminiscent history interwoven with relevantly interesting general historical facts. As Town Topics is the acknowledged social chronicle of the present day, it appropriately gives to its readers an intimate and faithful mirror of the society of our forefathers, the customs then prevailing and interesting genealogical connection with present society.

The work takes the title "Belles, Beaux and Brains of the '60s,"

and mainly concerns itself with glimpses of the men and women who made Richmond a veritable national capital during the Confederacy. As social prominence then meant political leadership, some new and pleasant sidelights are thrown on State and National politics. The ramifications of the families there represented have spread all over the world.

The work is interspersed with enlightening incidents and events of the most engrossing period of the Civil War, many coming under the author's personal observation.

"Belles, Beaux and Brains of the '60s" is from the pen of T. C. De Leon, an editor, writer and poet of wide note, author of "Four Years in Rebel Capitals," "Creole and Puritan," etc., whose nativity and residence in the South, intimate association with President Davis and his secretary, Mr. Burton Harrison, during those exciting days, and close identification with the subject make him especially fitted to undertake a history of this kind. To give an idea of its scope, a few chapter headings are quoted: "White House Folk," "A Bouquet of Buds," "In Richmond's 400," "Wits and Wags," "Our Foreign Relations," "Some History Makers," "The Pious and the Sporty."

Accuracy has been the important aim, and so far as possible, all statements have been carefully verified and genealogies revised by the most competent authorities.

Several hundred contemporaneous photographs, mostly impossible of duplication, are available. These will be used liberally to lend attractiveness to the work, and to present a valuable gallery of society giants and grannies of those days, whose descendants, scattered by the results of the Civil War ushering in a new cycle of business industries and enterprises, are now especially prominent in all the great centres here and in Europe.

"Belles, Beaux and Brains of '60," will run about 20 weeks and will be published serially, as a weekly page supplementary part of Town Topics. It will be printed on paper, in the best printer's art, in keeping with the importance of a reference work that will be preserved.

These supplements are an addition to Town Topics and will in a wise affect its present scope and price.

They are an expression of the publisher's aim to maintain Town Topics as the brightest and most interesting publication in the world; its unique short stories and its famed critical departments, including art, literature, drama, music, sport, fashion and finance, will be covered as elaborately as in the by brilliant writers, fearless fair and competent critics. Its news will include society in all the considerable cities and social circles in America and Europe. Its editorial comment, as usual, will cover all subjects of human interest, which will be treated with the courage that is born of virility.

No one with even remote Southern family affiliations should miss a single chapter of the remarkable production of Mr. De Leon. Each will be of intense interest to all, and especially to those whose ancestors or collateral relations were of or associated with the old Southland. To meet this demand the publisher makes a notable

## HAVE YOU SEEN THE COMET?

Early Risers Will Be Well Repaid by a Look Into The East.

### BEST BEFORE DAWN.

Discovered By Professor Daniels, Nearly Three Months Ago.

Many persons who have been up early in the morning have observed with much interest the beautiful comet which is seen in the East. The comet was discovered on June 10 by Prof. Zacharias Daniels, of Princeton University, and has continued almost steadily to increase in brightness and visibility.

The New York Tribune, in a recent issue, has the following to say about the comet:

"The Daniels comet rises in the east at 3 o'clock in the morning or shortly afterward, and is seen to the best advantage a little before the earliest indications of dawn—say at 4:30. Since it was first discovered it has traveled to the eastward. Several weeks ago it was in the constellation of Taurus. Last week it passed between Procyon (The Little Dog Star) and the brightest stars in Gemini, Castor and Pollux. Just now it is in Cancer, and Sunday, Sept. 1 it was near the brightest star (Alpha) in that constellation. The path it is following would, if extended in immigration, run pretty close to Regulus, in the handle of the sickle-like system of stars in Leo, but Leo does not come above the horizon now until about two hours after the comet.

"The comet now visible in the early morning, though not so brilliant as several observed in modern times, is said to be the most conspicuous object of its class seen in the latitude of this city for a quarter of a century. If comparatively a few persons attempted to rise at an inconvenient hour for the purpose of seeing it, there is certainly enough in the spectacle presented to repay a little effort on the part of those who are kept out of bed by business or pleasure until nearly dawn. Indeed, whether the opportunity is improved or not, it deserves to be."

## ATHLETICS PROMINENT.

High School Boys Have Started Enthusiastic Campaign.

### PROF. EVANS MANAGER.

Will Have Best Team and Best Equipment of Any Season.

Prof. Wm. A. Evans is an enthusiast on the subject of athletics and he lost no time in organizing an athletic association in the Public High School. This department—will it almost rise to the importance of a department—will be given especial prominence. There is some excellent material in the High school and the boys have already organized for a year of victories.

Tom Smith is President of the Association, James Breathitt, Jr., is manager of the foot-ball team and a good player will be captain. The members of the association have assessed themselves \$1.00 each and will also appeal to the business men to raise a fund sufficient to provide handsome uniforms and a thorough athletic equipment.

The team is already practicing and the material at hand will soon be organized by Prof. Evans for the best results.

Several of the star players of last year will be on hand again this year for both foot-ball and basket-ball. Among those who made fine records last year were, Thomas Earle, Charles Meacham, Athel Bartley, James Breathitt and others. Many of the younger boys are being given a course of training and after Prof. Evans finds out the capacity of the players he will organize a team that expects to capture everything contested for. It is already settled that the Vanderbilt Training School at Elkhorn will be one of the first aggregations to bite the dust.

### How to Remain Young.

To continue young in health and strength do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unheathy condition of the blood that my skin turned red as flame. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at R. C. Hardwick's drug store. Price 50c.

### The Annihilation of Distance

How much nearer to each other the nations of the world are today than were a few decades ago! When weeks and months were required to get news from across the ocean the old world seemed to be a long way off. Now the whole earth is belted with telegraph and cable lines and yesterday's happenings in Europe, Asia, Africa, Australia and the islands of the sea are read at this morning's breakfast table. Distance is annihilated and the nations are becoming friendly neighbors in consequence. The marvelous change is brought home to the mind most strikingly upon reading a great modern newspaper whose telegraphic news covers the whole world each day—a paper such as The Chicago Record-Herald, which has a veritable army of correspondents in every important city. In addition to its own staff of correspondents The Record-Herald has the benefit of the foreign news service of the New York Herald, famous for its worldwide cable system and for the reliability of its foreign news; also that of the New York World and the New York Journal of Commerce, besides that great co-operative newsgathering organization, the Associated Press.

## REVOLUTION.

Modern Circus in Hands of Worthy and Honorable Men.

People Can Go to Show Expecting to See Everything as Advertised.

Within recent years there has been a noticeable revolution in the methods employed in the management of circuses. In former years the promises of a circus man were considered worthless, and the statement of circus advertisements were discredited.

This is changed now. The modern circus is as a rule, in the hands of worthy and honorable men, they are reliable and agreeable in business relations. The greatest and most satisfactory change is in the line of advertising. The Carl Hagenbeck & Great Wallace Shows combined are advertised to appear in Hopkinsville, Wednesday Sept. 18.

They advertise that they will present certain new and marvelous acts. They name the performers, picture and describe the acts and people can go to the show expecting to see everything as advertised.

It is not a question of whether or not Hagenbeck & Wallace will show all they advertise, as people have learned that this show is an amusement counter, that the Hagenbeck & Wallace circus invariably exhibits a great deal more than advertised.

The South's Interest

In Forest Planting.

A notable awakening of interest in forest planting is becoming evident throughout the Southern States. As farmers learn that the growing of timber crops is practicable, they gradually begin to realize that much land producing poor agricultural crops might better be devoted to trees.

It is well known that tobacco growing and lack of fertilization have exhausted many Southern farms and left them practically worthless for agriculture. The growing of forest trees on these worn out lands will not only bring higher returns than poor farm crops, but will improve the soil and restore it to its former state of fertility.

No detailed investigations of the possibilities of forest planting in this region have yet been made, but it is probable that a study of this field will be begun within a short time by the Forest Service of the U. S. Department of Agriculture. While the forest service is glad to give all the assistance possible to prospective tree planters, recommendations for planting in the South must necessarily be general at present.

All who are interested in tree planting, however, may obtain valuable advice by writing the forestry service for suggestions concerning the choice of species and methods. Applications for advice should contain as much detailed information as possible concerning the character of the soil, drainage, and native species of trees, as well as the purpose for which planting is to be undertaken, whether for the production of fence posts or lumber or the prevention of soil erosion.

RESOLUTIONS.

"In the pulseless hush of death, silence seems more expressive, more appropriate than speech," and yet we cannot witness the passing of a friend and associate without mingling with our grief expressed tokens of love and sympathy.

At a meeting of the Hopkinsville bar, held in the office of the clerk of the Christian circuit court, on Aug. 30, 1907, in memory of Harvey W. Breathitt, the following proceedings were had.

Judge Joseph I. Landes was elected chairman and C. R. Clark, Esq., secretary of the meeting.

Upon motion of Judge Joe McCarroll, the chair appointed the undersigned members of the local bar as a committee to draft resolutions, expressing therein the regret and bereavement sustained by the timely passing away of Harvey W. Breathitt.

Upon motion, C. R. Clark, Esq., was directed to procure a suitable floral design to be placed upon his grave.

Upon motion the following resolutions were adopted:

Whereas, He, whose ways are past our understanding, has seen fit to call from his earthly labors, Harvey W. Breathitt, our friend, associate and member of the Hopkinsville bar. Be it

Resolved, That we regret his untimely and sudden death. He was kind of heart, attentive in the discharge of duties entrusted to him, and in trying positions courteous and considerate of the welfare of every one. While of a retiring disposition and modest in his demeanor, he was firm in his adherence to what he conceived to be right and remarkable in his loyalty to those he loved.

He will be missed at the courthouse, where he spent many years of his life, and his departure will be mourned by hundreds who were the recipients of his kindness.

Resolved, That we attend his funeral in a body and that a suitable floral offering be laid upon his grave.

Resolved further, That these resolutions be spread upon the minutes of the Christian circuit court and county court, with which he was so long connected. That a copy be furnished, his family by our secretary, and that the local press be requested to publish same.

Committee:—Chas. O. Prowse, chairman; J. T. Hanbrey, Herman Southall.

### ANNOUNCEMENTS.

Tabernacle Course For the Coming Season.

Most of the Tabernacle course attractions this season will come before the bad weather season and we know our patrons will be glad to hear that the course will fall during the fall and early winter.

The season will open with the Elmer E. Smith Co., Miss Smith, the star of this company of five people, is the greatest reader and child impersonator before the American public. The next number will be Mr. Frederick Warde, the eminent tragedian. The third number will be Schildkret's Hungarian Orchestra, who was with us last season. No. 4 will be Mr. Montville Flowers, president of Flowers Academy of Speech and Drama, Art, Culture, etc., O. The next number will be Maro, the prince of magic, with his great Saxophone marionette. No. 6 will be the great Portland-Newhall Concert Co., male quartette and bell ringers. The next number will be the Wm. C. Clinton, of Clinton, Miss. The eighth number has not yet been selected. We are trying to select Gov. Folk, of Missouri. Failing in this we will get Geo. R. Wending, Capt. R. R. Hopson, Father Vaughan or some other noted lecturer.

The tabernacle is now out of debt, the building is to be painted, the old worn out carpet and the rough platform that it covered will be replaced with a first class stage. The stage lighting will be improved, and if possible suitable dressing rooms will be made if the funds will permit. The expenses will be met with the profits of last season's course. No expense has been spared in selecting talent for the coming season, and we hope the public will appreciate our efforts in their behalf. The price of admission will be \$1.00 for the first performance, \$2.00 for second, \$3.00 for third, \$4.00 for fourth, \$5.00 for fifth, \$6.00 for sixth, \$7.00 for seventh, \$8.00 for eighth,
